My Shiny World

Story/Art: Maru

Hello, Maru here.
I apologize for taking a break two weeks
in a row after the New Year's week off.

I came down with the severe flu on Tuesday
and was just able to start doing any work.

I tried to grit through until Wednesday afternoon,
but the fever was just too much, so I went to the
hospital on Thursday.
(I initially thought it was just a cold.)

They told me that I had the Influenza A virus,
and that the fever would continue to at least Saturday...T.T

the test was expensive...

After the getting the IV shot, the fever seemed to go down so
I started working again, but the fever came back during the
night and I had to stop.

I'm really sorry.

Everyone, please be careful in public places
like the subway. Stay healthy.

Getting two weeks
off isn't really...great for
the author, either.
Half my paycheck!

The... The bills...
Being sick was
enough. :)

The Winners

[illegible]

I checked the comments on Tuesday
and read all 764 pages (wow!)
They were all funny and lovely, so I picked at random.

Please email your address, name, and comment to this address.

Please send them in by Tuesday
so that I can ship them all on Wednesday.

There were no entry comments,
so I'll just share the wallet picture.

If you go to my blog (the address is below),
I have the original and wallet version posted.
If you download them and follow the directions on
my blog, you can print the wallet picture without
spending too much money.

I'm also trying to figure out a way to spread the stickers.

I'll be back soon with good news.

I would like to apologize one last time, and say goodbye.

Stay healthy, everyone.
See you this Friday morning with Chapter 13.

I love you, and have a great day.
